The second dolphin's name was Ginny and she was the most kind-hearted dolphin you could ever imagine. The third dolphin's name was Luna and she was the smartest and most funniest dolphin of them all.

Once upon a time, a baby dolphin was born they named her Hermione and she was the most stubbornest dolphin of them all. When she was two years old her sister Ginny was born and she was the most kind-hearted dolphin you could ever imagine. When she was two her little sister was born her name was Luna and she was the smartest and funniest of them all. They were all two years apart so they were very close to each other.

Today is Hermione's seventh birthday she has grown up so much since being our only child we love her so much and her sisters do too.

Hermione: Today we are going to school it is my first day of first grade and I am so excited!

Ginny: Today is the first day of my second year of preschool and I am so excited! Luna's only two so she is not going to school but she stays at home with my mom (Molly Weasley). She is the best mom you could ask for, she does everything for us makes sure we are safe, protects us everything. When I was three I thought I saw a monster under my bed so I ran into her room and her and my dad Arthur Weasley comfort me and I slept sleep and sound in their bed knowing they were there with me

Today at school Hermione had a very important assembly it was about bullying in their school

and they were telling the students that they should respect their peers. When she got home she told her parents all about it. When they went and picked up her sister Ginny she told her all about her program and asked how her day was.

Ginny: My day was wonderful and I made a friend her name is Jennifer. She's super nice and she has an older sister named Jessica or (Jessie).

Hermione: That's great sis, I can't wait to meet your friend.

Ginny: Do you have any friends sis?

Hermione: Yes I do I have, Johnathon, Caden, Steely, Chloe, Lexi and my best friend in the whole entire world Sarah.

Ginny: How come you have more friends than me?

Hermione: I don't know maybe since it is only your second year of preschool you haven't really known that many people and you are shy to open up.

Ginny: (Huh) maybe you are right I do need to open up more.

Hermione: Of course I am right I'm always right I love you, sis.

Ginny: I love you sis too.

(They both hug)
